CONTENTS

Vol. 89, No. 1, May 25, 1966

The Shortest Peroxidase Stain Time and the Mean Cellular Peroxidase Content of Blood Leukocytes *O. Higashi* 1

Reliability of Frank Lead System of VCG in Infants and Children *M. Hayashi, M. Takarada, M. Chinen, A. Onishi and K. Kawamura* 15

Histochemical Demonstration of Acid Phosphatase Activity in Various Blood Cells *A. Suzuki* 27

Leukemic Reticuloendotheliosis *S. Iijima* 35

Autoimmune Phenomenon in Eczema Seborrhoeicum *I. Hashimoto* 45

Electromyography of the Intestines by the Intraintestinal Method *S. Tsuchida and Y. Kimura* 61

Effect of Bradykinin and Eledoisin on Renal Function in the Dog *T. Furuyama, C. Suzuki, H. Saito, Y. Onozawa, R. Shioji, S. Rikimaru, K. Abe and K. Yoshinaga* 69

Effect of Metabolic Acidosis on Adrenaline and Noradrenaline Secretion of the Innervated and Denervated Adrenal Gland in the Dog *R. Higashi* 77

Synchronized Recording of Electroureterogram and Urometrogram *S. Tsuchida and Y. Kimura* 85

Sympathoadrenal Response to Eledoisin-induced Hypotension in Normotensives and Hypertensives *K. Yoshinaga, K. Abe, I. Miwa, N. Watanabe, N. Kumagai, T. Mouri and T. Seki* 95

Vol. 89, No. 2, June 25, 1966

Estimation of Kinin in Peripheral Blood in Man *K. Abe, N. Watanabe, N. Kumagai, T. Mouri, T. Seki and K. Yoshinaga* 103

The Ultrastructure of Vacuolated Lymphocytes in the Peripheral Blood of Juvenile Amaurotic Familial Idiocy *K. Fukuda and A. B. Miura* 113

Urinary Estriol as an Index of Placental Function *H. Aoba* 121

A Study on Biosynthesis of Iodoamino Acids in the Nodule and Paranodular Thyroid Tissue in Nontoxic Nodular Goiter with Special Reference to the Application of Paperchromatographic Analysis Using Na-I^{131} *S. Sato* 131

Studies on Azeotropic Mixture of Fluoromar and Freon 113
M. Inagaki, T. Yusa, Y. Aoba and K. Iwatsuki 143
Renal Lesions in Cockayne's Syndrome *T. Ohno and M. Hirooka* 151
An Electron Microscopic Study on the Reticuloendothelial System in the Bone Marrow *Y. Watanabe* 167
Light-microscopic Investigation of Reticuloendothelial Cells in the Bone Marrow *M. Hashimoto* 177
Functional Relation of the Paracervical Nerve Plexus to the Progress of Experimentally Induced Cervical Carcinoma of the Uterus
S. Sato 193

Vol. 89, No. 3, July 25, 1966

Reticuloendothelial Cell in the Bone Marrow and Its Relationship to Iron Metabolism *S. Kariyone and T. Miyake* 213
The Decrepitude of the Rat Brain with Special Reference to Changes in Nucleic Acid *A. Yajima* 235
Comparative Studies on Permanent Cutaneous Ureterostomy and Nephrostomy *S. Tsuchida and Y. Kimura* 245
A Study on the Sensitivity Test of Cancer Cells to Anticancer Drugs
M. Fukushima, Y. Ishikawa, T. Horimai and M. Adachi 251
Effect of Maternal Medication during Pregnancy upon Behavioral Development of Offspring *N. Murai* 265
The Application of 30 Per Cent Correction Method to I^{131}-Triiodothyronine Resin Sponge Uptake Test (Triosorb Test)
H. Oyamada 273
Quantitative Determination of Serum Immunoglobulins in Various Diseases *S. Onodera* 279
Enzyme-histochemical and Cytochemical Studies on Reticuloendothelial Cells of Human Bone Marrow
S. Kawabata and M. Asakawa 293

Vol. 89, No. 4, August 25, 1966

Cellular Immunity with Special Reference to Monocytes of Mice Immunized with Live Vaccine of *Salmonella Enteritidis*
S. Mitsuhashi, N. Osawa, K. Saito and S. Kurashige 307
The Influence of Hormonal Disturbances on the Survival of Liver-damaged Animals *A. Kulcsár and J. Kulcsár-Gergely* 315
Virological Studies on Experimental Infection of Pregnant Mice with Influenza Virus *T. Takeyama* 321

Antibodies in Cell and Their Biologic Reactions *H. Hayashi* 341
Studies on the Cells Responsible for the Delayed Type of Hypersensitivity with Special Reference to Lymphocytes *M. Fukase* 349
Cellular and Humoral Aspects of Heterotransplantation Immunity *T. Akiyama* 363
Study on the Distribution of ^{131}I Labeled Toxohormone *K. Obara, S. Ono, F. Nishizuka and M. Hatano* 375
Kininase Activity in Human Blood *N. Watanabe, K. Abe, N. Kumagai, T. Mouri, T. Seki and K. Yoshinaga* 383
Histochemical Studies on Leukocyte Alkaline Phosphatase Activity with Special Reference to Various Types of Hemolytic Disorders *S. Sakamoto* 387

AUTHOR INDEX

Abe, Keishi 69, 95, 103, 383
Adachi, Minoru 251
Akiyama, Takehisa 363
Aoba, Hisao 121
Aoba, Yuuko 143
Asakawa, Mizuho 293

Chinen, Masao 15

Fukase, Masaichi 349
Fukuda, Kazuhiko 113
Fukushima, Matsuro 251
Furuyama, Takashi 69

Hashimoto, Isao 45
Hashimoto, Michio 177
Hatano, Masao 375
Hayashi, Hideo 341
Hayashi, Motoo 15
Higashi, Ototaka 1
Higashi, Ryozo 77
Hirooka, Minoru 151
Horimai, Takahisa 251

Iijima, Soichi 35
Inagaki, Minoru 143
Ishikawa, Yoshinobu 251
Iwatsuki, Kenichi 143

Kariyone, Shigeo 213
Kawabata, Seishi 293
Kawamura, Koetsu 15
Kimura, Yukio 61, 85, 245
Kulcsár, A. 315
Kulcsár-Gergely, J. 315
Kumagai, Naofumi 95, 103, 383
Kurashige, Satonori 307

Mitsuhashi, Susumu 307
Miura, Akira B. 113
Miwa, Isao 95
Miyake, Takeo 213
Mouri, Toraichi 95, 103, 383
Murai, Norio 265

Nishizuka, Fusao 375

Obara, Kijuro 375
Ohno, Tadashi 151
Onishi, Akira 15
Ono, Shigeru 375
Onodera, Seiju 279
Onozawa, Yozo 69
Osawa, Nobutaka 307
Oyamada, Hiyoshimaru 273

Rikimaru, Shozo 69

Saito, Hiroshi 69
Saito, Kazuko 307
Sakamoto, Shinobu 387
Sato, Sadami 131
Sato, Saito 193
Seki, Toshikatsu 95, 103, 383
Shioji, Ryuji 69
Suzuki, Atsuo 27
Suzuki, Chikara 69

Takarada, Masahata 15
Takeyama, Tsuneo 321
Tsuchida, Seigi 61, 85, 245

Watanabe, Naoya 95, 103, 383
Watanabe, Yonosuke 167

Yajima, Akira 235
Yoshinaga, Kaoru 69, 95, 103, 383
Yusa, Tsuneo 143
